### Jess (Hat-trick) Houseman: England

An unexpected choice from Gareth Southgate for the England squad this year! Jess has a wealth of footballing experience and rose to fame with a remarkable own-goal in the 1999 Harrogate inter-school tournament. She suffered a crushing blow when she was cut from her school team after famously covering away from an incoming ball. Having finally overcome her fear of the ball, we expect to see great things from Jess as she represents England in this year's competition!

### What to include:

- Who are you?
- When and where did you start your sporting career?
- What's the highlight of your sporting career so far?
- An interesting fact...
